displaced dilemma

collective: Matze Schmidt, Karsten Asshauer & mi_ga

guests: yagin, mi, Jgjeux & Babzi

diplased dilemmas ...

... are everywhere, at a place where you can not stay

the underground, the interzone or even at home ...

inbetween public and private. out?

displaced dilemma is not about sound, it is about producing!

the sound is just material of random re-sources.

displaced dilemma designs and develops an architecture of filesharing,

interaction, remix and cutup for users to plug in/out.

displaced dilemma realizes and performs plug-in-parties, plug-in-concerts,

mix2headphones, web-streams, mini-fm radio transmissions, ripsale

and superfactory.
